Notes

- This rate is based on your estimates and may not be the final amount you owe. Final tax can only be worked out on the actual figures shown when you receive your income tax assessment.
- Complete this application in myIR or send this completed form to us at the following postal address:
Inland Revenue, PO Box 39010, Wellington Mail Centre, Lower Hutt 5045

Tailored tax codes and rates don't apply to:

- student loan repayments

You can no longer use a tailored tax code to change the amount of your student loan repayment deductions. For more information about working in New Zealand with a student loan go to ird.govt.nz/studentloans

- residential rental losses

You may have applied for a tailored tax code or special rate of tax in the past because you had residential rental losses to offset against other income like salary and wages. Most of these losses are now ring-fenced, which means residential property deductions can generally only be used to offset income from residential property. For more information go to ird.govt.nz/ring-fencing
