5 If there is any other person who regularly provides care for the child/children you have mentioned in this form, use the space below to provide information about what these care arrangements are.

6 Care Information

The number of nights a person cares for a child is generally the best measure of the care they provide, however in some cases this may not be a good reflection. For example, you have daytime care of a child but no overnight care because you work at night.

Use the space below to tell us what your care arrangements are:

- If using the nights of care is not a good reflection of the care you provide for a child
- If the child has a parenting order or care agreement and it is not being followed.

Applicant checklist

Have you:

- answered all the questions on pages 1 to 3?
- completed both calendars on pages 5 and 6?

Privacy
